Exclusive oak planks

YOUR STYLE · YOUR FLOOR

Exclusive
oak planks

Spaciousness, naturalness, exclusivity – all of these are combined in our Chalet and Chaletino planks made from the finest woods.

Extensive living areas, impressive rooms – this is exactly where our exclusive large-format planks exude their distinctive charm and create a unique atmosphere. The variety of colours available gives you the opportunity to design your property in a highly individual way. After all, the floor is the biggest element in a room and plays a central role in the development of a beautiful home that suits your style and meets your expectations.

***Chaletino and Chalet – artistically finished
oak floors in unusual lengths and widths.
For fascinating effects.***

With its impressively large format, the carefully chosen oak and perfect finish, these floors underline the exclusive character of a room.

A great format – in every respect

A Chalet hardwood floor is individually planned by our designers and adapted to suit your room.

We produce planks made from 150 to 200-year-old oaks in various lengths and widths which form a spectacular hardwood floor when put together.

A Chaletino hardwood floor captivates with its uniformly large-format planks, which emphasise the vibrancy and character of the wood.

PLANKS WITH A STRONG CHARACTER
FOR A UNIQUE AMBIENCE

Craftsmanship right down to the finest detail

Chaletino – considered craftsmanship

With a length of 2.75 m and width of 30 cm, Chaletino planks showcase the vibrancy and character of the wood even more beautifully than standard hardwood floors do. They combine spaciousness with liveliness and elegance. We offer these oak wood surfaces in 15 colours to suit the most varied of furnishing styles.

The 3-layer structure with its approx. 3.5 mm thick oak top layer is designed to last a long time.

Chaletino oak planks with an installation height of 15 mm are perfectly suited for laying on underfloor heating and guarantee good heat conduction.

A close-up photograph of a wooden floor with a leather ball and a wicker chair leg. The floor is made of oak wood with a prominent grain and a dark stain. A brown leather ball with white stitching is in the upper left corner. A black metal chair leg is in the center, and a wicker chair seat is in the upper right corner. The text "Handcrafted surfaces" is overlaid on a dark grey rectangle on the left side.

The beauty of imperfections

Old handcrafted techniques coupled with new design aesthetics give rise to floors that are as long-lasting as they are sustainable. The original look emphasises the uniqueness of the wood. This is why imperfections such as knots or cracks in the structure remain deliberately visible and become

a strong statement in the room thanks to the elaborate and traditional craftsmanship. We level, brush and smooth the surfaces and fill cracks and knots with care and passion. This produces exceptionally individual hardwood floors that are simple but also look amazing. A tactile as well as a visual experience!

Feel good. Arrive. Be at home. People around the globe love our floors. And it's no wonder: there is hardly any other floor that offers as much warmth and personality as real planks do.

A great format.
In every respect.

Chalet – exceptionally individual

Chalet is the pride of our master craftspeople. And no wonder: exquisite oak planks in widths of between 200mm and 395mm and lengths of between 2 and 4 metres create a unique look. We supply the planks in a grade that deliberately shows knots and vibrant shades. Each Chalet floor is individually planned and designed by BOEN for you. And this is what makes it truly unique.

Four steps to your Chalet floor

Incomparable and distinctive

No two floors are the same. This is because each floor with its exceptionally large plank dimensions is specifically designed and manufactured to suit your individual room situation.

1. What colour and surface structure should your floor have? Choose from 14 different surfaces.
2. Which room do you want the floor for? Your architect will give us a floorplan of the rooms.
3. Based on this floorplan, our experts will draw up a draft for the optimal aesthetic composition of the Chalet planks and their layout in the room.
4. If the draft meets your expectations, you can commission us and we will begin production of your individual hardwood floor.

**Live Natural
Oil**

We offer our Chalet and Chaletino planks with “Live Natural” oil. The two applications of this natural oil with subsequent air drying makes the surface ready to use. To increase its durability, we recommend initial care directly after laying. Appropriate and regular care will preserve the beauty of the surface for decades. Ask us about our cleaning and care instructions.
