Floors with character matching
your personality

YOUR STYLE · YOUR FLOOR

Planks with character

Personality never goes out of fashion – nor does variety. These two terms are also what characterise our wide planks: real personality in a rich variety of colours, grains and looks. Floors with character, in other words. Floors by BOEN.

We want to provide you with plank floors that emphasise the special things about your home, that are full of character and help you to express your very personal style even more strongly. This brochure brings together masterpieces of craftsmanship of which we are particularly proud and which testify in every detail to the care and passion with which we make fine wood floors that are full of character.

Everything except standard

Earthy colours and a characterful grain are the main features of the wide planks. And this can be seen in a variety of ways: for example, Oak Pearl or Oak Coral create a harmonious balance between vibrancy and tranquillity thanks to their visual lightness. Oak Sand and Oak Barrel have the same effect, but in an uneven darker brown shade. What all the floors have in common is their exceptional authenticity and natural look.

EARTHY, WARM, GENUINE
AND VERY INDIVIDUAL

Feeling good can have a varied look. But in the end it's always about warmth, security and emotion. This is exactly why people feel so comfortable with our planks.

BOEN surfaces

BOEN places considerable emphasis on protecting the environment during all phases of production. Neither lacquer nor oil emit gases which are harmful to humans or to the environment. BOEN offers its customers a wide range of surface finishes.

Live Matt laquer

This 6 layer Live Matt sealing with a very low gloss level makes the surface look "as oiled". A natural look combined with the advantages of a scratch-resistant finish.

Live Matt Plus

For us, protection and naturalness go hand in hand. And we're putting that to the test once again with the new BOEN Live Matt Plus. This attractive and protective surface treatment can now also be applied to brushed surfaces, giving the floor even greater impact, and intensifying its soft matt quality. BOEN Live Matt Plus also penetrates the smallest pores of the wood, meaning it is now even possible to seal planks with a bevel.

Live Natural oil

Live Natural is a natural surface treatment containing oils such as sunflower, thistle or soya bean oil as well as naturally occurring waxes (carnauba, candelilla). Deep penetration of the oil into the wood is ensured by two-time application on a custom-made production line. The wood pores are saturated, and drying takes place completely naturally in the open air during a process known as the Air-Plus Process. The floor has extremely good protection properties against liquids.

HANDCRAFTED

The surfaces of this exclusive and characterful collection look wholly original and untreated. The fascinating uniqueness of the wood can be felt in a special way.

Characteristic features such as cracks or knots in the structure are deliberately left visible and filled by hand with black filler. The result: oak planks that look so genuine and authentic that you can feel their nature.

Wood that was previously considered unsuitable for hardwood flooring installation

can now make a strong statement in the room thanks to detailed and traditional craftsmanship. And become an exceptionally individual floor that looks quite simple but also amazing at the same time. An experience that is as full of touch as it is visual!

HANDCRAFTED PERFECTION
TO RETAIN THE IMPERFECT

OAK VINTAGE WHITE

Dimensions:	<i>14 x 209 x 2200 mm</i>
Features:	<i>handcrafted, deep brushed, 4V bevel</i>
Floor heating:	<i>suitable</i>

A floor full of lightness and Scandinavian elegance: Oak Vintage White is pure, honest and "rustic" in a very modern sense. The subtly white surface is not only finely brushed, but thanks to Live Natural oil it is an experience both in haptic and visual terms.

OAK SENSES

Dimensions: *14 x 209 x 2200 mm*
Features: *handcrafted, deep brushed, 4V bevel*
Floor heating: *suitable*

Surface:  *Live Natural oil*

This floor plays with the originality of the wood. Cracks and knots remain deliberately visible, creating a look where the personality of every single plank can shine. Oiled with Live Natural, the wood looks as though it has been newly sawn: fresh, natural and, thanks to the sanded and brushed surface, with an amazing feel.

OAK EPOCA

Dimensions:	<i>14 x 209 x 2200 mm</i>
Features:	<i>handcrafted, deep brushed, 4V bevel</i>
Floor heating:	<i>suitable</i>

The almost golden-coloured Oak Epoca brings a sense of naturalness into the home. Cracks and knots are carefully filled in with black filler on this floor. Unevenness in the brushed surface treated with Live Natural oil as well as its natural structure make it an eye-catcher.

BRAVE WITH COLOUR

Our Stonewashed planks radiate something that often risks being pushed into the background in these times of digitalisation, globalisation and the ever-increasing pace of life: true cosiness.

And in various different facets. Our selection of surfaces in fascinating colours is not just particularly large, but also looks as though it has been perfectly made to suit the most varied of furnishing styles.

Our light, almost white floors with their calm aura provide the perfect basis for the Scandinavian style. Floors with darker staining create exciting contrasts and gives e.g. urban environments even great-

er vibrancy. Emphasised dark floors not only look genuine and “earthy” – they also convey a sense of history and familiarity at first glance.

Be brave with colour! And discover our planks in various shades on the following pages. All of them are finished with our Live Natural surface treatment – a high-quality natural oil that makes the wood more resistant and ensures a wonderfully natural look.

AUTHENTIC VIBRANCY: OAK PURE

Authentic, original, clear: planks in classic oak shades give rooms a sense of lightness and at the same time create a feeling of simple but elegant cosiness.

Our plank floors are as varied as the wood itself. This is why we offer our oak floors in various gradings. From calmer and more subtle to very vibrant and rustic for a real statement look. Our white oak planks, which subtly cover the typical grain of the oak, are bright and clear.

Thanks to its special grading, each chosen floor gives rise to a very individual effect in the room. This is emphasised by the

width of the planks. We offer three different dimensions here in order to emphasise the liveliness and spaciousness. And you've also got a choice as far as surface treatment is concerned: whether Live Natural oil or Live Matt lacquer. Discover the variety of our floors in "Oak pure" on the following pages.
